Career Objective

Seeking a Front-End Developer position to apply my technical skills in HTML, CSS, JavaScript, Python, MySQL, Git, and GitHub. With hands-on experience in developing projects using CSS, HTML, and JavaScript, I aim to contribute to company growth while enhancing my professional expertise.

Education

Kakinada Institute Of Engineering and Technology, India
B.Tech (Computer Science and Engineering)   CGPA: 7.37/10
2021 - 2025

Internships

Web Development Intern, IIIT Hyderabad   **May 2023**
During this internship, I developed a responsive web application using HTML and CSS, ensuring a user-friendly and adaptive interface. I implemented backend functionality using Python and Flask, efficiently handling data processing and server-side logic. Additionally, I structured the application following best coding practices, improving maintainability and scalability.

Projects

Tic Tac Toe — Python, Flask, HTML, CSS   **Internship Project**
Developed an AI-powered Tic-Tac-Toe web app using Flask, HTML, CSS, and Python. Implemented a smart AI opponent for dynamic gameplay. Ensured smooth interaction with a responsive UI and real-time updates. Integrated Flask for game state management.

Portofolio Website — HTML, CSS, Javascript   **Live Demo**
Developed a portfolio website using HTML, CSS, and JavaScript to showcase projects and skills. Designed a responsive layout with interactive elements for seamless user experience. Optimized performance and accessibility for smooth navigation.

To Do List Application — HTML, CSS, Javascript)   **Live Demo**
Developed a To-Do List app using HTML, CSS, and JavaScript with task management features. Enabled local storage for data persistence and designed a responsive, user-friendly interface.

Technical Skills

Front End Technologies:	HTML, CSS, JavaScript
